PRESS RELEASE

FOR IMMEDIATE RELEASE:

Gig Werks announces its partnership with CorasWorks

Starting October 2008, Gig Werks is now an official partner of CorasWorks.

With 1,000 customers and more than 1 million users worldwide, CorasWorks is a leading provider of modular application development software for Microsoft SharePoint. Customers use their products to build web-based solutions such as project- and process-oriented solutions and line of business applications. Their modular architecture makes it easy to design, build, and manage an integrated workplace of collaborative business applications, without the time and expense of custom development.

This partnership allows Gig Werks to continue to expand on the high impact, high value solutions it delivers to its clients. President of Gig Werks, Joe Giegerich says "Gig Werks has worked aggressively to expand our offerings across the six pillars of MOSS and to release customized solutions to address our clients' specific business needs. CorasWorks fits tightly within that model and we are able to deploy customizations at a much more rapid pace and ensure these solutions can be supported long after our engagement with our clients. The real value of SharePoint to our client's success is delivering value and CorasWorks tools and products are key in delivering that to the marketplace".

Gig Werks is a Microsoft Gold Certified and Field Managed Partner in the New York Metro and Mid-Atlantic Region. Gig Werks skills in SharePoint, Custom application development and Advanced Infrastructure deliver solutions incorporating SharePoint 2007. Gig Werks has expertise across the Six Pillars of SharePoint including Business Intelligence, Enterprise Content Management (ECM), Collaboration, Business Process Automation, Search, Portals as well as Unified Communications, and provide clients with secure, connected solutions that streamline business processes and yield maximum returns on investment.
