PRESS RELEASE

FOR IMMEDIATE RELEASE:

Gig Werks and Enabling Technologies Corp partner to offer the latest in SharePoint and Lync Integrations

NEW YORK – December 5, 2011 - [Gig Werks](#) has recently partnered with [Enabling Technology Corp](#) to offer the latest in Collaborative solutions around SharePoint and Lync. Gig Werks is an Award Winning Microsoft Gold and Field Managed Partner with certified expertise in SharePoint, Business Intelligence, Custom Application Development and Advanced Infrastructure. Enabling Technologies is a leading provider of Unified Communications solutions.

This partnership allows Gig Werks to continue to expand on the high impact, high value solutions it delivers to its clients. Enabling's specialization around Unified Communications enhances Gig Werks' services offering around Lync Server and SharePoint integration to provide a comprehensive collaboration environment. This highly strategic partnership has enormous potential for both firms and its clients.

Joe Giegerich, President of Gig Werks, commented "The expertise of Enabling Technologies around Unified Communications and Lync offers immediate impact and benefit to a number of our clients. Traditionally, Gig Werks has understood the power of strategic relationships with key technology partners. There is a great synergy between our firms' offerings and the markets we serve and believe our partnership with Enabling will be among the most strategic to date."

The single most important differentiator between Enabling Technologies and other Microsoft Gold partners specializing in **Unified Communications** is our Telephony experience. We have experience integrating to all types of Telephony platforms (Cisco, Avaya, Nortel, Siemens, Mitel, ShoreTel, Altigen). Therefore we can provide an end-to-end solution.
